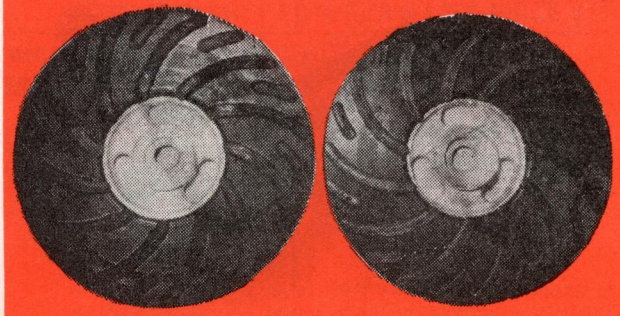
Ideal for all sanding operations on metal, fiberglass, plastics, etc. We recommend the flexible or medium for contour work and the rigid for straight edge work.



GRINDING WHEELS

MP abrasive grinding wheels are reinforced with fiberglass to insure safe operation and long life. In use, natural pores are created as the special Resinoid fillers are melted by grinding heat, constantly renewing high cutting efficiency of the MP grinding wheels. MP wheels are for use on steel of moderate hardness. They are stocked in the most popular kind, size and grade (A24R). Others available on special order.

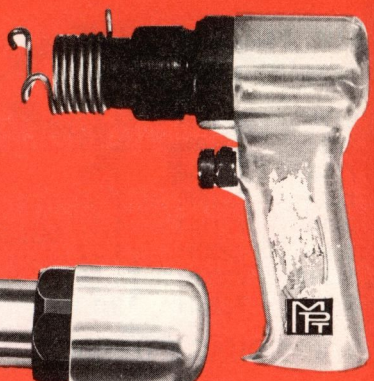
HARD HITTING RIVETERS

MICHIGAN PNEUMATIC MODEL B104
AIR HAMMER LIGHT HITTING

WEIGHT .....3 lbs.
LENGTH .....5"

The B104 hammers are designed for light hitting mechanical work. Cuts rivets off ball joints, king pins, etc. Also used for ripping, punching, driving or practically anything. Fast removal of exhaust system panel cutting.

OTHER MANUFACTURER'S LIST PRICE $49.95



$34.95

MICHIGAN PNEUMATIC MODEL B102
AIR HAMMER HEAVY HITTING

WEIGHT .....4 lbs.
LENGTH .....6"

The B102 hammers are designed for heavy duty mechanical work. Cuts rivets off ball joints, shackle pins, universal joints, king pins, etc. Also used for ripping, punching, driving or practically anything.

The MP 100 series hammer doubles the striking power of any air pressure, and accelerates to 3500 strokes per minute. Most types of chisels, tools and accessories of hammers are interchangeable with the MP.

OTHER MANUFACTURER'S LIST PRICE $69.50

$49.95

MICHIGAN PNEUMATIC MODEL MP2040
ONE SHOT RIVETER

This tool is widely used in place of conventional vibrating type riveting hammers where the presence of vibration is objectionable. It is easy to hold in proper location on flush head rivets. When riveting thin sections deflection and stretch of the sheets can be eliminated by using this tool on the driven head end of the rivet.

LENGTH .....8-1/8" BORE .....7/8"

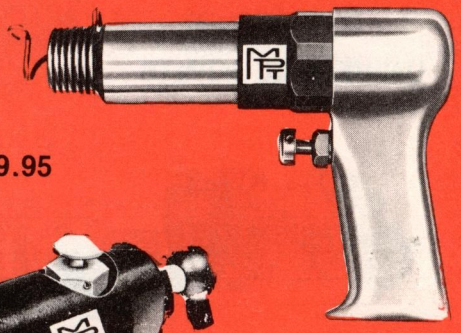
AIR HAMMER EXTRA HEAVY DUTY

WEIGHT.....4-1/2 lbs.
LENGTH .....7-1/2"

The B101 hammers are designed for heavy duty mechanical work. Cuts rivets off ball joints, shackle pins, universal joints, king pins, etc. Also used for ripping, punching, driving or practically anything. The MP 100 series hammer doubles the striking power of any air pressure, and accelerates to 3500 strokes per minute. Most types of chisels, tools and accessories of hammers are interchangeable with the MP.

OTHER MANUFACTURER'S LIST PRICE $79.50



$59.95

MICHIGAN PNEUMATIC MODEL MP 4590
CORNER HAMMERS

The outstanding feature of the Corner Riveter is its short overall length. This permits driving small rivets in close quarters in an extremely rapid series of light blows, where conventional hammers cannot reach. It is strong and durable on the job, which reduces maintenance costs. It is also well suited for light peening, chipping and vibrating.

CONCRETE SCALERS & SPECIAL EQUIPMENT

MICHIGAN PNEUMATIC ATOMUFFLER EXHAUST SILENCER

ATOMUFFLER is noted for its remarkable versatility and range of applications. Designed for any degree of flow or pressure - constant or variable - it may be mounted in any position directly on the exhaust part of the equipment. ATOMUFFLER's radial full-flow design eliminates the need for individually engineered muffler systems. Typical applications are: • PUMPS • BLOWERS • AIR TOOLS • COMPRESSORS • AIR HOISTS • VACUUM PUMPS • AIR LIFTS • AIR MOTORS • AIR STARTERS • STEAM-EXHAUST AIR-OPERATED DEVICES.

AIR LINE ACCESSORIES

MICHIGAN PNEUMATIC FILTERS

Pipe Size	Bowl Capacity	Brand New
1/4" N.P.T.	3 oz.	$11.00
3/8" N.P.T.	8 oz.	11.00
1/2" N.P.T.	8 oz.	12.00
3/4" N.P.T.	28 oz.	22.00
1" N.P.T.	28 oz.	23.00

These Air Line Filters remove the danger of corrosive damage to compressed air equipment by efficiently removing harmful foreign matter (such as moisture, pipe scale, dirt, and rust) from the air stream.

MICHIGAN PNEUMATIC LUBRICATORS

Pipe Size	Bowl Capacity	Brand New
1/4" N.P.T.	3 oz.	$14.00
3/8" N.P.T.	8 oz.	14.00
1/2" N.P.T.	8 oz.	15.00
3/4" N.P.T.	28 oz.	22.00
1" N.P.T.	28 oz.	25.00

This Air Line Lubricator automatically introduces an oil mist into the compressed air stream. This lubricates all precision working parts and thus prolongs the life and reduces maintenance on compressed air operated machinery and appliances.

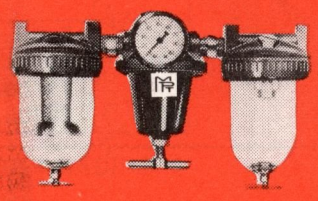
MICHIGAN PNEUMATIC REGULATORS

Pipe Size	Brand New Less Gauge	Brand New With Gauge
1/4" N.P.T.	$12.00	$15.00
3/8" N.P.T.	12.00	15.00
1/2" N.P.T.	13.00	16.00
3/4" N.P.T.	18.00	21.00
1" N.P.T.	20.00	23.00

Primary Pressure is 250 PSIG - Secondary Pressure Standard is O-125 PSIG - Gauge Ports are 1/4" NPT - Operating Temperature is minus 40 deg. to plus 180 deg. F. Relieving type standard - automatically relieves air pressure build up at dead end installations assuring accurate pressure control.

MICHIGAN PNEUMATIC COMPLETE ASSEMBLIES

Size	Brand New
1/4" N.P.T.	$40.00
3/8" N.P.T.	40.00
1/2" N.P.T.	44.00
3/4" N.P.T.	68.00
1" N.P.T.	75.00



This Trio Control (filter, regulator, lubricator, gauge) is an efficient, compact control assembly specially adaptable for compressed air operated machinery as a permanent control for the lubrication of clutches, cylinders, valves, and all air actuated devices.

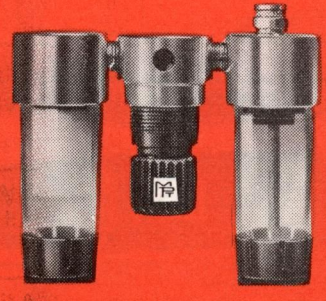
MICHIGAN PNEUMATIC AIRLINE FILTERS With Automatic Drain

1/4" N.P.T.	$18.50
3/8" N.P.T.	19.50
1/2" N.P.T.	19.50
3/4" N.P.T.	31.00
1" N.P.T.	31.00

This Filter is a perfect solution to low cost, automatic discharge of water and contaminants from a compressed air line.

MICHIGAN PNEUMATIC MINIATURE ASSEMBLIES

1/8" N.P.T.	$24.00
1/4" N.P.T.	24.00



Where space is a premium and dependable performance is a must we advise the above miniature assys.

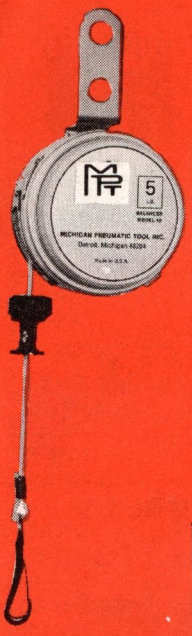
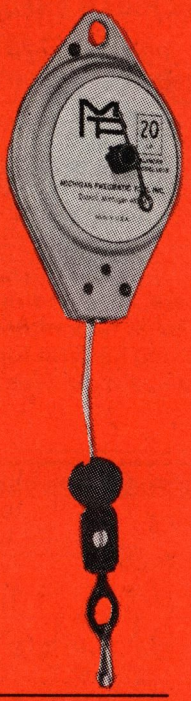
TOOL BALANCERS AND AIR HOSES



These tool balancers provide good performances for tools from 2-1/2 to 10 pounds. Steel reinforced aluminum drum is hand windable and can't be wound backwards. Push button tension release. No tool to adjust. Large cable opening protected by cable guide. Non-fatiguing 285 lb. to 520 lb. nylon cable. It provides free movement at all angles.



Model	Capacity	Weight (oz.)	Size Diameter	Size Depth	Cable Length	Cable Test	Min. Hook Hook Dist	Price
20	2-1/2 lbs.	9 oz.	3"	2"	10'	285 lbs.	7-1/2"	$14.95
40	5 lbs.	10 oz.	3"	2"	10'	285 lbs.	7-1/2"	14.95
50	7-1/2 lbs.	15 oz.	3"	2"	10'	285 lbs.	7-1/2"	19.95
22	10 lbs.	22 oz.	3-1/2"	2-1/2"	10'	520 lbs.	9-1/2"	24.95

The heavy duty tool balancers are enclosed in a steel case with interior nylon sound deadening coating. It is provided with high tensile nylon coated steel aircraft type cables. Centrifugal safety clutch stops rotating of drum in event of spring failure or accidental unhooking. The tension is released by simply pressing retainer spring. It is lubricated for life.

PORTABLE NIBBLERS

110 VOLT ELECTRICALLY POWERED MODELS

MICHIGAN PNEMATIC MODEL HN
FOR HEAVY DUTY CUTTING

$389.00

This model **M.P.** Nibbler is designed for heavy duty cutting on a per job or production line basis. It will cut, at 55" per minute, 10 gauge stainless steel, 8 gauge mild steel and 3/16" non-ferrous metals. The minimum cutting radius is 6". For a shorter 3" radius special die holding is available for use in cutting 12 gauge mild steel.

Also available in 220 Volt at an additional $10.00

MICHIGAN PNEUMATIC MODEL EHN
FOR EXTRA HEAVY DUTY CUTTING

$665.00

If you want to cut 1/4" mild steel, 5/16" aluminum, 8 gauge stainless cleanly and quickly, use the **M.P.** Model EHN. It is especially designed for heavy duty cutting. The maximum cutting speed is 45" a minute, mininum cutting radius, 8".

Also available in 220 Volt at an additional $25.00

MICHIGAN PNEUMATIC MODELS HNS OR ANS
FOR HEAVY DUTY SLITTING

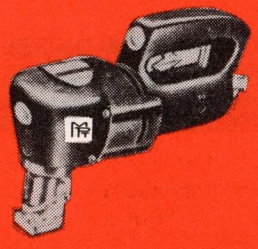
For slitting nibbling up to 10 gauge mild steel. This Slitter Nibbler will cut metal up to 10 gauge at a rate of 70" per minute, without distorting the material.

Also available in 220 Volt at an additional $10.00

MODEL NO.
110V HNS $425.00
AIR ANS $495.00

MICHIGAN PNEUMATIC MODELS HNC OR ANC
FOR HEAVY DUTY CORRUGATED

MODEL NO.
110V HNC $445.00
AIR ANC $495.00



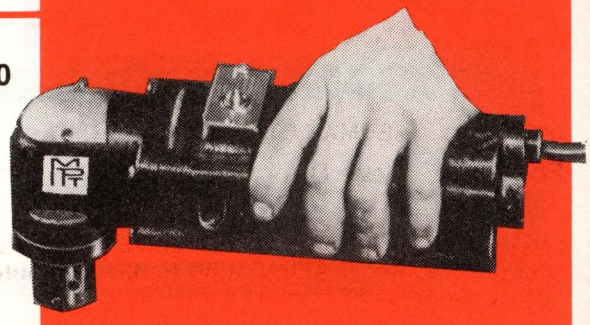
For cutting up to 10 gauge corrugated Special Cutting Operations:

- Cutting Corrugated Duct or Formed Sheet Metal Pipe
- Cutting diagonally across contours without changing the shape of piece
- Cutting special parts by setting Nose Piece at right angles allowing Nibbler to ride over curves
- Cutting speed 50" per minute

Also available in 220 Volt at an additional $10.00

MICHIGAN PNEUMATIC MODEL MNC
FOR SPECIAL CUTTING OPERATIONS

$295.00



- cutting corrugated sheeting, small diameter duct or formed sheet metal pipe
- cutting diagonally across contours without changing the shape of the piece
- cutting special parts by setting the nose piece at right angles, allowing the nibbler to ride over curves

Model MNC-A cuts through tough pitch or asbestos coated corrugated steel without clogging.

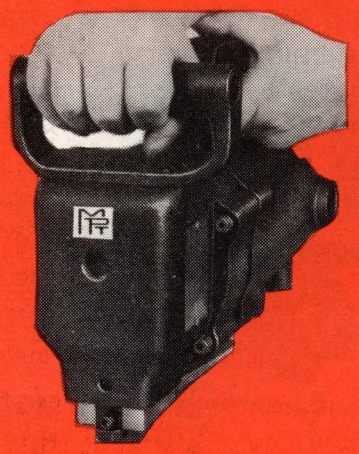
Models may be reconverted for straight cutting by replacing the nose assembly.

Also available in 220 Volt at additional $10.00

PORTABLE NIBBLERS

110 VOLT ELECTRICALLY POWERED MODELS

MICHIGAN PNEUMATIC SUPER NIBBLER $895.00



- Cuts up to 35" per minute
- Cuts clean—without distortion, chipping, binding, curling or flaking the metal—only a minimum of deburring or grinding is necessary
- Eliminates the need for special time consuming jigs or fixtures
- Performs in situations no other tool can Cuts with absolute safety to the operator
- Requires little maintenance
- Heavy duty precision built motors
- Precision cut gears
- Guaranteed against defects in workmanship and materials

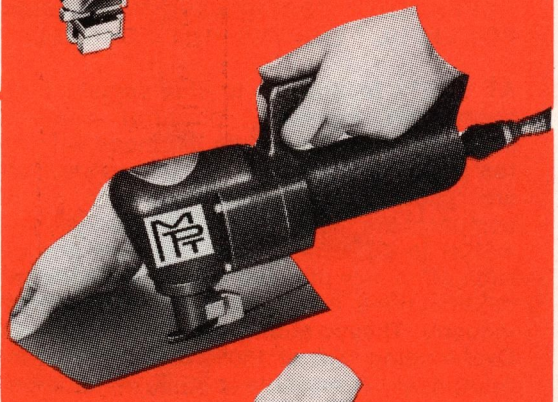
AIR-OPERATED MODELS $365.00

MICHIGAN PNEUMATIC MODEL AMN

For Light Metal Cutting

This lightweight model cuts 14 gauge stainless, 13 gauge mild steel and 1/8" aluminum at up to 65" a minute. The minimum cutting radius is 1".

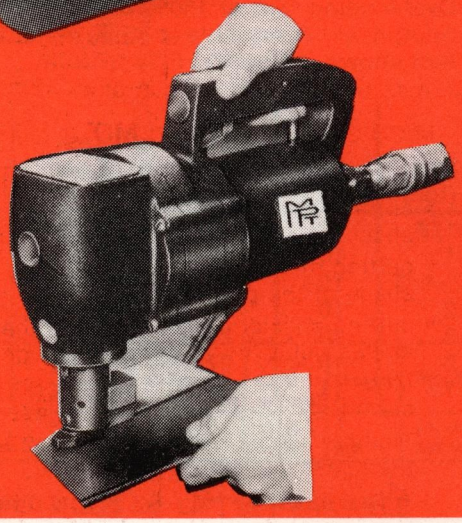
MICHIGAN PNEUMATIC MODEL AN $475.00



For Heavy Duty Use

This practical nibbler cuts 10 gauge stainless, 8 gauge mild steel and 3/16" non-ferrous metals at 55" a minute. The minimum cutting radius is 6". For a shorter 3" radius, special die holding is available.

MICHIGAN PNEUMATIC MODEL AEHN $725.00

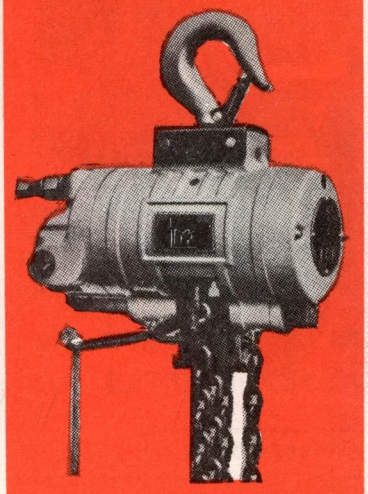


For Extra Heavy Duty Cutting

1/4" mild steel, 5/16" aluminum and 8 gauge stainless are easily cut with the Model AEHN at 40 to 45" a minute. The minimum cutting radius is 8".

AIR & HAND HOISTS

MODEL 10000
AIR CHAIN HOIST



MICHIGAN PNEUMATIC

Each type of hoist in the Michigan Pneumatic line is available in either the link chain or roller chain type according to the preference of the customer. Totally enclosed vane type motor is adopted for this particular hoist, and it cannot harm if stalled indefinitely and is unaffected in ordinary operation by dirt, fumes, or heat. Sudden starts and stops will not cause hazards. The hooks on top and bottom have safety snaps. Incorporated with the throttle is a control which gives precision speed control from creeping speed to the rated maximum. This control is simply and easily effected by the pull-lever.
